

EXPORT ZIP+4 CODES - TARGET GROUP

Within ENVISION5 you are able to download a list of ZIP+4 Codes in a specific area, including which segment code each has been assigned, and to which Target Group each belongs.

1. Click the **Export - ZIP4 - Target Group** tool.

2. Select one or more areas by clicking the checkmark next to it in the list.
3. Select a Target Set by clicking the checkmark next to it in the list.
4. Click **Create Report**.
5. Download the file by clicking on the title in the **Results** list.
